There  
Is possibility  
Of contamination  
Of love-borne illness\*

What  
Lovely terminal terminology  
Love  
Borne  
Bred  
Bit

With a sweet and slightly burnt aftertaste  
Or the stench of putrid rotten flesh  
Buzzing about  
In a ballad of death

Love  
Is a dirty puddle next to a food stall by the gutter

Cholera  
In the time of  
Love

Please  
Rest in peace  
After use

\*Acquired immune deficiency syndrome, or AIDS, is translated in Chinese as 愛滋病 [aizibing], literally 'love-borne disease'.
